Advance Directives Electronic Forms

The ROYL is a leader in offering electronic Advance Directive documents for digital signatures. Electronic Advance Directive Forms are secure and accessible anytime from any device that allows for Internet access.

Why do an Advance Directive?

Anyone 18 years of age or older should have an Advance Directive. This document allows for the care you have designated to be respected and followed through in the event you cannot speak for yourself. It allows for you to name someone to speak on your behalf, but most importantly it removes the stress, anxiety and guilt from decisions that your loved ones would otherwise have to make on your behalf.

An Advance Directive is not just for aging people. The cases of Teri Shivo and Karen Ann Quinlan serve as examples of how any adult, regardless of age, can benefit from having one. Both young adults, Shivo and Quinlan were kept alive by machines for years because they did not tell or write down what they wanted in the event of a tragic accident. The court battles that ensued took not only an emotional toll, but required government involvement because of disagreements between spouses and family members.

Description:

An Advance Directive, sometimes referred to as a Living Will or an Advance Health Care Directive, allows you to make your wishes known if you are unable to speak for yourself. An Advance Directive provides you and your loved ones with peace of mind that your care is compatible with your wishes. This is truly a gift to those you love as it helps them clearly know what to do in this stressful situation.

Advance Directive requirements vary from state to state. You can download the appropriate state form here at no cost prior to completing the form online so that you have the required information prepared in advance.

Security:

Your documents are processed using DocuSign, the leader in global electronic signature and document security.

When you complete your Advance Directive with The ROYL, you can download it as a PDF file to your computer's hard drive. DocuSign will email a final copy to the designees in your Advance Directive. We recommend you print a hard copy and send it via email or mail to others you want to have copies.

Contact us if you have questions in preparing the forms selected.

NOTICE: You must have the required information available prior to initiating the document (designees, contact information, wishes for care).

_____ (b) life-sustaining treatment continue to be given to me.

B. MEDICALLY ADMINISTERED NUTRITION AND HYDRATION

_____ (a) medically administered nutrition and hydration not be started, or if started, be discontinued.

C. TREATMENT AGAINST OBJECTION

1. You may want your health care agent’s decisions to be honored, even if you vocalize an objection to those decisions. In this context, please consider the following statement.

(Initial beside your choice of (a) or (b).)

_____ (a) Yes, even if I am incapacitated and I object to treatment, treatment **may** be given to me against my objection.

D. ADDITIONAL INSTRUCTIONS

Here you may include any specific desires or limitations you deem appropriate, such as when or what life-sustaining treatment you would want used or withheld, or instructions about refusing any specific types of treatment that are inconsistent with your religious beliefs or are unacceptable to you for any other reason. Declaration made this _____ day of _____, 20__.

If at any time I should have an incurable injury, disease, or illness and I am certified to be near death or in a permanently unconscious condition by two physicians or a physician and an ARNP, and two physicians or a physician and an ARNP have determined that my death is imminent whether or not life-sustaining treatment is utilized and where the application of life-sustaining treatment would serve only to artificially prolong the dying process, or that I will remain in a permanently unconscious condition, I direct that such procedures be withheld or withdrawn, and that I be permitted to die naturally with only the administration of medication, the natural ingestion of food or fluids by eating and drinking, or the performance of and medical procedure deemed necessary to provide me with comfort care.
